

Immune Px

Health Benefits:

- Provides daily immune support to stand up to seasonal challenges.
- Supports the balance of NF-kB and IL-6, promoting a healthy immune response.
- Supports healthy production of NK cells and macrophages to provide a healthy and balanced immune response.

Formulation Features:

- Provides a synergistic blend of immunomodulatory herbs & mushrooms that work together to provide daily immune support to stand up to seasonal challenges.
- This formula addresses both innate immunity (by the addition of mushrooms and garlic) and adaptive immunity (through the action of echinacea and astragalus).
- The addition of β -Glucan, a core immune polysaccharide, helps to "prime" immune cells for a quicker immune response.
- Organic maitake and shiitake mushrooms supply β -1,3/1,6 glucans which support immune modulation.

Supplement Facts

Serving Size: 2 Capsules

Servings Per Container: 45

	Amount Per Serving	% DV
Organic Astragalus Root (<i>Astragalus membranaceus</i>)	250 mg	†
Organic Echinacea angustifolia Root	150 mg	†
Organic Garlic Bulb (<i>Allium sativum</i>)	140 mg	†
Organic Maitake Mushroom Mycelia (<i>Grifola frondosa</i>)	80 mg	†
Organic Shiitake Mushroom (<i>Lentinus edodes</i>)	80 mg	†
Isatis Root (<i>Ban Lan Gen</i>)	50 mg	†
Forsythia Fruit (<i>Lian Qiao</i>)	50 mg	†
Honeysuckle Flower (<i>Jin Yin Hua</i>)	50 mg	†
Beta Glucan 1,3/1,6	10 mg	†

† Daily Value (DV) not established

Other ingredients: Vegetable Cellulose, Organic Myceliated Brown Rice

Immune Px provides daily immune support to stand up to seasonal challenges.

Key Ingredients

Organic Astragalus **(*Astragalus membranaceus*)**

Astragalus is a traditional adaptogenic herb from Chinese medicine that helps the body maintain resilience during periods of physical or emotional stress. Astragalus also helps maintain normal immune surveillance without overstimulating sensitive immune pathways.

Organic Echinacea **(*Echinacea angustifolia*)**

Echinacea is widely used to support the body's natural defense system, particularly during times of increased immune challenge. It promotes a healthy inflammatory response and helps maintain normal function of immune cells, including NK cells. Clinicians often rely on echinacea for its ability to support overall immune readiness and seasonal wellness.

Organic Garlic (*Allium sativum*)

Garlic provides naturally occurring sulfur compounds that help support healthy immune, cardiovascular, and antioxidant pathways.

Maitake & Shiitake Mushrooms **(*Grifola frondosa* and *Lentinus edodes*)**

Maitake and shiitake mushrooms are rich sources of naturally occurring β -glucans, which help support balanced immune activity. β -Glucans are specialized polysaccharides that help "prime" immune cells to respond efficiently to occasional stressors. These mushrooms promote the healthy function of key immune cells—such as macrophages and NK cells.

Supplementation

Adults take 1-2 caps twice daily, with or without food, or as directed by healthcare practitioner.

Also Recommended

Immune Px pairs well with Microbiome Synergy to provide support for the the immune system within the gastrointestinal tract.
